SUMMARY

Motivated and curious tech enthusiast seeking an internship to apply and expand skills in full-stack development, problem-solving, and real-world applications. Passionate about collaborative learning, innovation, and building impactful tech solutions.

EXPERIENCE

Google Student Ambassador

Google

July 2025 - Present

- Represented Google at college events and promoted Google programs, tools, and developer opportunities among students.
- Organized workshops and info sessions on Google Cloud, AI, and Flutter technologies.
- Collaborated with Google's student community to encourage innovation and learning on campus.

AI & Data Analytics Intern

Edunet Foundation (AICTE Skills4Future Program)

April 2025 - May 2025

- Completed a 4-week virtual internship on Artificial Intelligence and Data Analytics focused on Green Skills.
- Worked on sustainability-based data analytics projects using AI tools and frameworks.
- Collaborated with mentors from AICTE and Shell India to apply AI in real-world problem-solving.

Intern

Viswam.AI

May 2025 - Aug 2025

- Working on real-world AI problems and building machine learning models.
- Collaborating with mentors and peers to apply AI in impactful ways.
- Participating in weekly challenges and tech discussions.

PROJECTS

ConnectIQ

- A web app that connects students with mentors and collaborators based on skills and interests.
- Built features like profile management, connection requests, and a recommendation dashboard using Flask and JavaScript.
- Tools Used: Flask, SQLAlchemy, JS, HTML/CSS.

Studenttrade

- An online platform for students to buy and sell goods/services within their college network.
- Developed listing system, user profiles, and messaging interface with Flask and frontend tech.
- Tools Used: HTML, CSS, JS, Flask.

EDUCATION

B.Tech in Information Technology

Malla Reddy Engineering College • Aug 2023 - May 2027 • 9.2

AWARDS & HONORS

1st Prize at IIT Hyderabad Ideathon (Forge Alumnus) - ConnectIQ Project.

Participated in multiple national-level hackathons and coding challenges.

Student Ambassador at Let'sUpgrade (June 2025- August)

SKILLS

Java, HTML, CSS, JavaScript, Bootstrap

Flask, Git, VS Code, SQLAlchemy

MySQL

Problem Solving

Data Structures and Algorithms
